

V3N[®]

Vit. B₁, Vit. B₆ & Vit. B₁₂ Tablet

COMPOSITION

Each film coated tablet contains Thiamine Mononitrate USP (Vit. B₁) 100 mg, Pyridoxine Hydrochloride BP (Vit. B₆) 200 mg & Cyanocobalamin BP (Vit. B₁₂) 200 mcg.

PHARMACOLOGY

V3N[®] is a combined preparation of Vitamin B₁ (Thiamine Mononitrate), Vitamin B₆ (Pyridoxine Hydrochloride) and Vitamin B₁₂ (Cyanocobalamin). These vitamins play an essential role as co-enzyme in the metabolism of nervous system. **V3N[®]** supports the regeneration of nerve fibers and myelin sheath by activation of the nerve cell metabolism and the natural repair mechanism.

INDICATION

Chronic pains like sciatica, lumbago, trigeminal neuralgia, facial paralysis, optic neuritis as well as neuropathy & cardiac complications. Besides these, this combination may be used in the deficiency of these vitamins.

DOSAGE AND ADMINISTRATION

1 to 3 tablets per day or as directed by the physician.

CONTRAINDICATION

It should not be used in patients with known hypersensitivity to Thiamine, Cobalt or any other component of these preparations.

WARNING AND PRECAUTION

It should be avoided in case of hypersensitivity to Thiamine, Cobalt or any other component of these preparations. Cyanocobalamin should not be given before a diagnosis has been fully established because of the masking symptoms of subacute degeneration of the spinal cord.

SIDE EFFECTS

Very rarely hypersensitive reaction and sensitivity disturbance may occur.

USE IN PREGNANCY AND LACTATION

No risks have become known associated with the use of **V3N[®]** during pregnancy at the recommended dosage. Vitamin B₁, B₆ & B₁₂ are secreted into the breast milk but risks of overdose for the infant are not known.

USE IN CHILDREN

Vitamin B₁ & B₆ are not recommended under 3 years.

DRUG INTERACTION

Vitamin B₆ (Pyridoxine Hydrochloride) reduces therapeutic effect of Levodopa but it does not occur if a dopa decarboxylase inhibitor is also given. Neomycin, Chloramphenicol, Aminosalicilic Acid & H₂ receptor antagonist may reduce Vitamin B₁₂ absorption.

OVERDOSE

Excess Vitamin B is readily excreted, so no serious problems occur.

STORAGE CONDITION

Keep in a cool and dry place below 30°C temperature, protected from light & moisture. Keep out of the reach of children.

HOW SUPPLIED

Each box contains 50 tablets in Alu-PVDC blister pack.
